## THE RESORT

The Mövenpick Resort El Quseir is remotely located between Hurgada and Marsa Alam airports, nearby the small coastal city of El Quseir. The elegant and elongated resort with 1.3 kilometers of Red Sea coastline and dazzling, natural views, is known for its peaceful atmosphere without the buzz of animation programs, shows and other resounding activities.

**SWIMMING POOLS** are available at each end of the resort. One swimming pool is heated in winter, another is reserved for adults only, to ensure peace & relaxation. One children's pool is also available.

**BEACH** more, worry less. Our soft-sandy beach encompassed the ancient Al Quadim bay and offers one of very few sea entrances in the area not hindered by reef plateaus and necessary jetties. Live by the currents, plan by the tides and follow the sun...

**ACTIVITIES** are all aimed at encouraging a healthy lifestyle rather than promoting participation. Canoes, pedal boats, a jogging track, tennis & squash, basketball, football, and volleyball are all available and we gladly support and facilitate in finding your game partner.

**KIDS LITTLE BIRDS CLUB** welcomes children aged 4 to 12 with a limited handicraft program and games during daylight hours. Babysitting is available upon request.
